

READING BLUE COAT

School Privacy Notice

WHO WE ARE

Reading Blue Coat School ("the School", a company limited by guarantee with company registration number 04243510) is the data controller, including for its wholly owned trading subsidiary Reading Blue Coat School (Trading) Limited (company registration number 04242660).

Both companies can be contacted at their trading and registered office address of Reading Blue Coat School, Holme Park, Sonning, Berkshire, RG4 6SU. This privacy notice is intended to cover both parties and their related activities, including the activities of the School's Foundation Office which cover alumni, community, fundraising and development activities. Sometimes the School will organise events and activities which are run under the banner of the Reading Old Blues Association ("ROBA"). The School is the data controller of your personal information in these cases as well.

The School also acts as data controller for the Reading Blue Coat and Archbishop Laud Charitable Trust, being an associated charity (Charitable Incorporated Organisation with company registration number CE002636 and charity number 1159943) whose activities and operations are conducted through the School and by School staff (with a separate Board of Trustees).

WHAT THIS PRIVACY NOTICE IS FOR

This Privacy Notice is intended to provide information about how the School will use (or "process") personal data about individuals including: its staff; its current, past and prospective students; and their parents, carers or guardians (referred to in this policy as "parents"). Collectively, we refer to these individuals in the Privacy Notice as the School's community.

This information is provided because Data Protection Law gives individuals rights to understand how their data is used. Staff, parents and students are all encouraged to read this Privacy Notice and understand the School's obligations to its entire community. The School has separate Data Protection and GDPR Retention Policies (which are available to Parents and Staff)

This Privacy Notice applies alongside any other information the School may provide about a particular use of personal data, for example when collecting data via an online or paper form.

This Privacy Notice also applies in addition to the School's other relevant terms and conditions and policies, including:

- any contract between the School and its staff, or the parents of students;
- any policies or notices applicable to staff concerning the handling of personal data;
- the School's policy on taking, storing and using images of children;
- the School's *Security, CCTV and Access Control Policy*;
- the School's *GDPR Retention Policy*;
- the School's safeguarding, pastoral, or health and safety policies, including as to how concerns or incidents are recorded; and

- the School's IT policies, including its *Acceptable Use Policy, E-Safety, Digital Communications, and Student Device Policy*.

Anyone who works for, or acts on behalf of, the School (including staff, volunteers, governors and service providers) will be subject to suitable training and/or policies commensurate with their role.

RESPONSIBILITY FOR DATA PROTECTION

The School is registered with the Information Commissioner's Office (ICO) as a Data Controller and is responsible for what personal data is collected, how it is used and for its protection. The School's registration number with the ICO is Z5792028.

The School has appointed the Bursar as its Data Protection Co-ordinator who will deal with all your requests and enquiries concerning the School's uses of your personal data (see section on Your Rights below) and endeavour to ensure that all personal data is processed in compliance with this policy and Data Protection Law.

The Bursar can be contacted at:

WHY THE SCHOOL NEEDS TO PROCESS PERSONAL DATA

In order to carry out its ordinary duties to staff, students and parents, the School needs to process a wide range of personal data about individuals (including current, past and prospective staff, students or parents) as part of its daily operation.

Some of this activity the School will need to carry out in order to fulfil its legal rights, duties or obligations – including those under a contract with its staff, or parents of its students. Compliance with a legal obligation and compliance with a contractual obligation are separate legal basis under Data Protection law.

Other uses of personal data will be made in accordance with the School's legitimate interests, or the legitimate interests of another, provided that these are not outweighed by the impact on individuals..

The School expects that the following uses will fall within that category of its (or its community's) "legitimate interests":

- For the purposes of student selection, to confirm the identity of prospective students and their parents, and retain a record if appropriate for the purposes of future applications or openings;
- To provide education services, including musical education, physical training or spiritual development, career services, and extra-curricular activities to students, and monitoring students' progress and educational needs, including where such services are provided remotely (either temporarily or permanently)
- To look after the welfare and development of our staff.
- Maintaining relationships with alumni and the School community, including direct marketing or fundraising activity (subject to the provisions of the Privacy and Electronic Communications Regulations);
- For the purposes of donor due diligence, and to confirm the identity of prospective donors and their background and relevant interests;
- For the purposes of management planning and forecasting, research and statistical analysis, including that imposed or provided for by law (such as tax, diversity or gender pay gap analysis);
- To enable relevant authorities to monitor the School's performance and to intervene or assist with incidents as appropriate;

- To give and receive information and references about past and current students, including relating to outstanding fees or payment history, to/from any educational institution that the student attended or where it is proposed they attend; and to provide references to potential employers of past students;
- To enable students to take part in national or other assessments, and to publish the results of public examinations or other achievements of students of the School;
- To safeguard students' health and welfare and provide appropriate pastoral care;
- To monitor (as appropriate) use of the School's IT and communications systems in accordance with the School's *Acceptable Use Policy*;
- To make use of photographic images of students in School publications, on the School website and (where appropriate) on the School's social media channels in accordance with the School's policy on taking, storing and using images of children;
- For security purposes, including CCTV in accordance with the School's *Security, CCTV and Access Control Policy*;
- For regulatory record keeping/compliance purposes in respect of immigration requirements, as an employer and/or visa sponsor;
- To carry out or cooperate with any School or external complaints, disciplinary or investigation process; and
- Where otherwise reasonably necessary for the School's purposes, including to obtain appropriate professional advice and insurance for the School.

In addition, the School will on occasion need to process special category personal data (concerning health, ethnicity, religion, biometrics or sexual life) or criminal records information (such as when carrying out DBS checks) in accordance with rights or duties imposed on it by law, including as regards safeguarding and employment, or from time to time by explicit consent where required. These reasons will include:

- To safeguard students' welfare and provide appropriate pastoral (and where necessary, medical) care, and to take appropriate action in the event of an emergency, incident or accident, including by disclosing details of an individual's medical condition or other relevant information where it is in the individual's interests to do so: for example for medical advice, for social protection, safeguarding, and cooperation with police or social services, for insurance purposes or to caterers or organisers of School trips who need to be made aware of dietary or medical needs;
- To comply with public health requirements in respect of Covid-19 (or similar) testing: including managing on-site testing and/or processing the results of tests taken by students or other members of the School community, and sharing this information with relevant health authorities;
- To provide educational services in the context of any special educational needs of a student;
- To provide spiritual education in the context of any religious beliefs;
- In connection with employment of its staff, for example DBS checks, welfare, union membership or pension plans;
- To run any of its systems that operate on biometric data, such as for security and other forms of student identification (lunches etc.);
- As part of any School or external complaints, disciplinary or investigation process that involves such data, for example if there are SEND, health or safeguarding elements; or
- For legal and regulatory purposes (for example child protection, diversity monitoring, health and safety and immigration / visa sponsorship compliance) and to comply with its legal obligations and duties of care.

TYPES OF PERSONAL DATA PROCESSED BY THE SCHOOL

This will include by way of example:

- names, addresses, telephone numbers, e-mail addresses and other contact details;
- car details (about those who use our car parking facilities);
- biometric information, which will be collected and used by the School in accordance with the School's *Biometrics Policy*.
- bank details and other financial information, e.g. about parents (or others) who pay fees to the School, and any anti-money laundering information we are required to collect by law;
- past, present and prospective students' academic, disciplinary, admissions and attendance records (including information about any special needs), and examination scripts and marks;
- Staff financial information, such as, your bank details, your salary and pension details, for the proper and lawful processing of your pay.
- Gift Aid declaration information, where relevant (for example, where we help you to administer donations to charity from your pre-taxed earnings)];
- personnel files, including in connection with academics, employment or safeguarding;
- nationality and other immigration status information (e.g. right to work / study), including copies of passport information;
- where appropriate, information about individuals' health and welfare, and contact details for their next of kin;
- references given or received by the School about students, and relevant information provided by previous educational establishments and/or other professionals or organisations working with students;
- correspondence with and concerning staff, students and parents (past and present); and
- images of students (and occasionally other individuals) engaging in School activities, and images captured by the School's CCTV system (in accordance with the School's policy on taking, storing and using images of children).

HOW THE SCHOOL COLLECTS DATA

Generally, the School receives personal data from the individual directly (including, in the case of students, from their parents). This may be via a form, or simply in the ordinary course of interaction or communication (such as email or written assessments).

However, in some cases personal data will be supplied by third parties (for example another School, or other professionals or authorities working with that individual); or collected from publicly available resources.

WHO HAS ACCESS TO PERSONAL DATA AND WHO THE SCHOOL SHARES IT WITH

Processing by third parties. For the most part, personal data collected by the School will remain within the School, and will be processed by appropriate individuals only in accordance with access protocols (i.e. on a 'need to know' basis). However, some functions are outsourced including e.g. payroll, cloud storage etc. In accordance with Data Protection Law, this type of external data processing is always subject to contractual assurances that personal data will be kept securely and used only in accordance with the School's specific directions.

Data sharing. Occasionally, the School – including its trustees / governing board – will need to share personal information relating to its community of staff, students and parents with third parties, such as:

- Any Parent Association (Friends of Boating, League of Friends, etc.)
- appropriate contractors, such as supply Teachers and visiting music teachers;
- professional advisers (e.g. lawyers, insurers, PR advisers and auditors, accountants);
- examination boards;

- sporting bodies;
- Stage 3 complaints panels, which will include independent panel members;
- third parties and their advisers in the event of a possible or actual sale, merger or other restructuring of the School; and
- government authorities (e.g. HMRC, DfE, CAFCASS, police, Home Office, a relevant public health / NHS body and / or local authority) and/or appropriate regulatory bodies e.g. the [Teaching Regulation Agency](#), the [Independent Schools Inspectorate](#), the [Charity Commission](#) etc.
- Occasionally the School Governors/Board will need to process parent or student information, such as when a complaint is raised (and in accordance with the School Complaints Procedure, this may also require the involvement of independent panel members).

ACCESS TO SENSITIVE DATA

Particularly strict rules of access apply in the context of “special category” data, most notably:

- medical records; and
- pastoral or safeguarding files.

Medical data. The School needs to process such information to comply with statutory duties and to keep students and others safe, but the School will ensure only authorised staff can access information on a need-to-know basis. This may include wider dissemination if needed for School trips or for catering purposes. Express consent will be sought where appropriate.

However, a certain amount of any SEND student’s relevant information will need to be provided to staff more widely in the context of providing the necessary care and education that the student requires.

Safeguarding data. Staff, students and parents are reminded that the School is under duties imposed by law and statutory guidance (including [Keeping Children Safe in Education or KCSIE](#)) to record or report incidents and concerns that arise or are reported to it, in some cases regardless of whether they are proven, if they meet a certain threshold of seriousness in their nature or regularity. This is likely to include file notes on personnel or safeguarding files, low-level concerns records kept about adults, and in some cases referrals to relevant authorities such as the LADO or police.

KCSIE also requires that, whenever a child leaves the School to join another School or college, his or her child protection file is promptly provided to the new organisation. The School will retain a copy in accordance with its retention policy for material related to safeguarding matters.

For further information about this, please view the School’s *Child Protection & Safeguarding Policy* (which is available to Parents and Staff).

HOW LONG WE KEEP PERSONAL DATA

The School will retain personal data securely and only in line with how long it is necessary to keep for a legitimate and lawful reason. Typically, the legal recommendation for how long to keep ordinary staff and student personnel files is up to 7 years following departure from the School. However, incident reports and safeguarding files will need to be kept much longer, in accordance with specific legal requirements.

If you have any specific queries about how our retention policy is applied, or wish to request that personal data that you no longer believe to be relevant is considered for erasure, please contact the Bursar (bursar@rbc.org.uk; 0118 933 5808). However, please bear in mind that the School will often have lawful and necessary reasons to hold on to some personal data even following such request.

A limited and reasonable amount of information will be kept for archiving purposes, and even where you have requested we no longer keep in touch with you, we will need to keep a record of the fact in order to fulfil your wishes (called a "suppression record").

For further information about this, please view the School’s *GDPR Retention Policy*.

KEEPING IN TOUCH AND SUPPORTING THE SCHOOL

The School and/or any relevant other organisation, e.g. the Foundation Office, the ROBA, will use the contact details of parents, alumni and other members of the School community to keep them updated about the activities of the School, or alumni and parent events of interest, including by sending updates and newsletters, by email and by post. Unless the relevant individual objects, the School will also:

- Share personal data about parents and/or alumni, as appropriate, with organisations set up to help establish and maintain relationships with the School community, such as the Foundation Office and the ROBA;
- Contact parents and/or alumni (including via the organisations above) by post and email in order to promote and raise funds for the School and, where appropriate, other worthy causes subject to the provisions of the Privacy and Electronic Communications Regulations);
- Collect information from publicly available sources about parents' and former students' occupation and activities, in order to maximise the School's fundraising potential.
- Should you wish to limit or object to any such use, or would like further information about them, please contact the Bursar or Foundation Director in writing. You always have the right to withdraw consent, where given, or otherwise object to direct marketing or fundraising. However, the School is nonetheless likely to retain some of your details (not least to ensure that no more communications are sent to that particular address, email or telephone number).

YOUR RIGHTS

You have the following rights:

- to obtain access to, and copies of, the personal data that we hold about you;
- to require us to correct the personal data we hold about you if it is incorrect;
- to require us (in certain circumstances) to erase your personal data;
- to request that we restrict our data processing activities (and, where our processing is based on your consent, you may withdraw that consent, without affecting the lawfulness of our processing based on consent before its withdrawal);
- to receive from us the personal data we hold about you which you have provided to us, in a reasonable format specified by you, including for the purpose of you transmitting that personal data to another data controller;
- to object, on grounds relating to your particular situation, to any of our particular processing activities where you feel this has a disproportionate impact on your rights.

Please note that the above rights are not absolute, and we may be entitled to refuse requests where exceptions apply. The School will endeavour to respond to any such requests as soon as is reasonably practicable and in any event within statutory time-limits (which is generally one month, but actually fulfilling more complex or multiple requests, e.g. those involving third party information, may take 1-2 months longer).

Individuals (both students and parents) have various rights under Data Protection Law to access and understand their own personal data held and processed by the School, and in some cases ask for it to be erased or amended, or to have it transferred elsewhere, or for the School to stop processing it – but subject to certain exemptions and limitations.

The School will endeavour to respond to any such written requests as soon as is reasonably practicable and in any event within statutory time-limits (which is generally one month, but actually fulfilling more complex or multiple requests, e.g. those involving third party information, may take 1-2 months longer).

- Rights of access, etc.

The School will be better able to respond quickly to smaller, targeted requests for information made during term time. If the request for information is manifestly excessive or similar to previous requests, the School may ask you to reconsider, or require a reasonable fee for the administrative costs of complying with the request, or in certain cases refuse the request (but only where Data Protection Law allows it, and in accordance with relevant regulatory guidance).

If you consider that the personal data we hold on you is inaccurate, please let us know. However, the School will not necessarily delete or amend views, opinions, notes or records purely on the request of an individual who disputes the account, although we may keep a record of all parties' viewpoints.

- Requests that cannot be fulfilled

You should be aware that GDPR rights (including the right of access) are limited to your own personal data, and certain data is exempt. This will include information which identifies other individuals (and parents need to be aware this may include their own children, in certain limited situations – (please see further below), or information which is subject to legal privilege (for example legal advice given to or sought by the School, or documents prepared in connection with a legal action, or where a duty of confidence is owed by a legal adviser).

The School is also not required to disclose any student examination scripts (or other information consisting solely of student test answers, potentially including in mock exam scripts or other types of exams / tests used to assess performance – although markers' comments may still be disclosable if they constitute student personal data). The School is also not required to provide examination or other test marks ahead of their ordinary publication date, nor share any confidential reference held by the School that was (or will be) given for the purposes of the education, training, appointment or employment of any individual.

These exemptions necessarily apply also in the context of teacher-assessed grades, where required in the absence of formal public examinations due to pandemic conditions.

You may have heard of the "right to be forgotten". However, we will sometimes have compelling reasons to refuse specific requests to amend, delete or stop processing your (or your child's) personal data: for example, a legal requirement, or where it falls within a proportionate legitimate interest identified in this Privacy Notice. Generally, if the School still considers the processing of the personal data to be reasonably necessary, it is entitled to continue. All such requests will be considered on their own merits.

- Requests by or on behalf of students

Students can make subject access requests for their own personal data, provided that, in the reasonable opinion of the School, they have sufficient maturity to understand the request they are making (see section Whose Rights? below). A student of any age may ask a parent or other representative to make a subject access request on his/her behalf.

Indeed, while a person with parental responsibility will generally be entitled to make a subject access request on behalf of younger students, the law still considers the information in question to be the child's. For older students, the parent making the request may need to evidence their child's authority for the specific request. Requests not considered in the child's best interests may sometimes be refused.

Students at Senior School are generally assumed to have this level of maturity, although this will depend on both the child and the personal data requested, including any relevant circumstances at home.

- Parental requests, etc.

It should be clearly understood that the rules on subject access are not the sole basis on which information requests are handled. Parents may not have a statutory right to information, but they and others will often have a legitimate interest or expectation in receiving certain information about students without their consent. The School may consider there are lawful grounds for sharing with or without reference to that student.

Parents will in general receive educational and pastoral updates about their children, in accordance with the Parent Contract. Where parents are separated, the School will in most cases aim to provide the same information to each person with parental responsibility, but may need to factor in all the circumstances including the express wishes of the child, court orders, or pastoral issues.

All information requests from, on behalf of, or concerning students – whether made under subject access or simply as an incidental request – will therefore be considered on a case by case basis.

- Consent

Where the School is relying on consent as a means to process personal data, any person may withdraw this consent at any time (subject to similar age considerations as above). Examples where we do rely on consent are: e.g. biometrics, certain types of uses of images, certain types of fundraising activity. Please be aware however that the School may not be relying on consent but have another lawful reason to process the personal data in question even without your consent, for example, compliance with a legal obligation or where it's in our legitimate interests as explained above.

That reason will usually have been asserted under this Privacy Notice, or may otherwise exist under some form of contract or agreement with the individual (e.g. an employment or parent contract, or because a purchase of goods, services or membership of an organisation such as an alumni or parents' association has been requested).

- Whose rights?

The rights under Data Protection Law belong to the individual to whom the data relates. However, the School will often rely on parental authority or notice for the necessary ways it processes personal data relating to students – for example, under the parent contract, or via a form. Parents and students should be aware that this is not necessarily the same as the School relying on strict consent (see section on Consent above).

Where consent is required, it may in some cases be necessary or appropriate – given the nature of the processing in question, and the student's age and understanding – to seek the student's consent, either alongside or in place of parental consent. Parents should be aware that in such situations they may not be consulted, depending on the interests of the child, the parents' rights at law or under their contract, and all the circumstances.

In general, the School will assume that students' consent is not required for ordinary disclosure of their personal data to their parents, e.g. for the purposes of keeping parents informed about the student's activities, progress and behaviour, and in the interests of the student's welfare. That is unless, in the School's opinion, there is a good reason to do otherwise.

However, where a student seeks to raise concerns confidentially with a member of staff and expressly withholds their agreement to their personal data being disclosed to their parents, the School may be under an obligation to maintain confidentiality unless, in the School's opinion, there is a good reason to do otherwise; for example where the School believes disclosure will be in the best interests of the student or other students, or if required by law.

Students are required to respect the personal data and privacy of others, and to comply with the School's *Acceptable Use Policy* and the School rules. Staff are under professional duties to do the same covered under the relevant staff policy.

DATA ACCURACY AND SECURITY

The School will endeavour to ensure that all personal data held in relation to an individual is as up to date and accurate as possible. Individuals must please notify the following people of any significant changes to important information, such as contact details, held about them:

Students: Admissions (admissions@rbc.org.uk)

Staff: Head of Human Resources (HR@rbc.org.uk)

Alumini/Community: The Foundation Director (foundation@rbc.org.uk)

Other: The Bursar (bursar@rbc.org.uk)

An individual has the right to request that any out-of-date, irrelevant or inaccurate or information about them is erased or corrected (subject to certain exemptions and limitations under Data Protection Law): please see above for details of why the School may need to process your data, and of who you may contact if you disagree.

The School will take appropriate technical and organisational steps to ensure the security of personal data about individuals, including policies around use of technology and devices, and access to School systems. All staff and governors will be made aware of this policy and their duties under Data Protection Law and receive relevant training.

THIS POLICY

The School will update this Privacy Notice from time to time. Any substantial changes that affect your rights will be provided to you directly as far as is reasonably practicable.

QUERIES AND COMPLAINTS

Any comments or queries on this policy should be directed to the Bursar using the contact details provided above.

If an individual believes that the School has not complied with this policy or acted otherwise than in accordance with Data Protection Law, they should utilise the School complaints procedure and should also notify the Bursar.

You can also make a referral to or lodge a complaint with the Information Commissioner's Office (ICO), although the ICO recommends that steps are taken to resolve the matter with the School before involving the regulator.
